### **City Pool Closed**

The City of Jonesboro Pool will be closed until Wednesday, July 15, 2015 at 1:00pm. Crews are performing maintenance procedures to correct a problem that was discovered late Monday.

“We regret having to close the pool, especially during this heat wave. This heat can be dangerous, so I encourage everyone to drink plenty of water, and visit one of our community centers if they need a place to cool off,” said Wixson Huffstetler, Director of Parks and Recreation. “Our crews are working hard to fix the issue, and we should have the pool back open Wednesday afternoon.”
